The Body and The House lived together happily until The Body made some bad choices and brought toxic chemicals to The House. The Body got sick from them, but with The House's advice got well again. In the end, The Body learned that it had to keep The House healthy in order for it to stay healthy, too. This is the tale of *My Body, My House* – it's a story for children as well as adults that explains the balance of health and living in a healthy environment.
